**Subject:** Draft TC Report Volume 1 for Review  
**Attachments:** Tire Crumb Report Volume 1 March 2019 draft.pdf; Tire Crumb Report ES March 2019 draft.docx

Dear Jennifer,

Please find attached the draft Volume 1 of the Tire Crumb report for your review prior to a briefing for you and Pat Breysee scheduled for March 19. CDC has participated fully in preparing the draft and it is being shared with Pat as well. As a quick reminder, we have separated out the tire crumb material characterization component from the original peer-reviewed report and this (attached) report will be provided for a 30-day public comment next.

I understand that this is a comprehensive document with all the results for the tire crumb material characterization (300+ pages) and so you will likely not have time to review the entire document.

Deliberative Process / Ex. 5

## Deliberative Process / Ex. 5

You and others may want to review Section 2 which provides more details on the tire crumb material results, time permitting. Volume 2 (which are appendices) and the peer-review responses are not provided but can be, if needed.

# Deliberative Process / Ex. 5

Happy to address any questions.

All best, Annette.

Annette Guiseppi-Elie, Ph.D., FAIMBE
